

U.S. Fish and Wildlife Serv., Interior

§ 86.62

- (1) Plan to construct, renovate, and maintain tie-up facilities for transient nontrailerable recreational vessels following priorities identified in your State's program plan (see Subpart M for State program plan information) that the Secretary of the Interior has approved under section 7404(c) of the Sportfishing and Boating Safety Act. 15 points.
- (2) Provide for public/private and public/public partnership efforts to develop, renovate, and maintain tie-up facilities. These partners must be other than the Service and lead State agency:
 - (i) One partner 5 points.
 - (ii) Two partners 10 points.
 - (iii) Three or more partners 15 points.
- (3) Use innovative techniques to increase the availability of tie-up facilities for transient nontrailerable recreational vessels (includes education/information). 0-15 points.
- (4) Include private, local, or other State funds in addition to the non-Federal match, described in § 86.42:
 - (i) Twenty-six percent to thirty-five percent 5 points.
 - (ii) Between thirty-six and forty-nine percent 10 points.
 - (iii) Fifty percent and above 15 points.
- (5) Are cost efficient. Proposals are cost efficient when the tie-up facility or access site's features add a high value compared with the funds from the proposal, for example, where you construct a small feature such as a transient mooring dock within an existing harbor that adds high value and opportunity to existing features (restrooms, utilities, *etc.*). A proposal that requires installing all of the above features would add less value for the cost. 0-10 points.
- (6) Provide a significant link to prominent destination way points such as those near metropolitan population centers, cultural or natural areas, or that provide safe harbors from storms. 10 points.
- (7) Provide access to recreational, historic, cultural, natural, or scenic opportunities of national, regional, or local significance. Projects that provide access to opportunities of national, regional, or local significance receive 5 points for each, for a maximum of 15 points.
- (8) Provide significant positive economic impacts to a community. For example, a project that costs \$100,000 and attracts a number of boaters who altogether spend \$1 million a year in the community. 1-5 points.
- (9) Include multi-State efforts that result in coordinating location of tie-up facilities. 5 points.
- (10) Total possible points 105 points.
